

IN THE SPECIFICATION

Please amend the specification to remove “WO 03/060821” and “PCT/EP02/14002” from all pages of the specification. These labels are being removed from the specification to avoid obscuring of the fact that this patent application is an application for a U.S. Patent.

Pursuant to 37 C.F.R. §1.125(c), a substitute specification marked to show all changes relative to the immediately prior version of the specification of record is submitted herewith. An accompanying clean version of the substitute specification is also provided. The substitute specification is provided without the claims pursuant to 37 C.F.R. §1.125(b).
